Invitation

it is a serious thing
just to be alive
on this fresh morning
in the broken world.

For When People Ask

I want a word that means
okay and not okay,
a word that means
devastated and stunned with joy.
I want the word that says
I feel it all, all at once.

intricate earth under trees.

A Wild Love for the World

The main thing is that you're showing up,
that you're here and that you're finding ever
more capacity to love this world because it
will not be healed without that.

Remarks by Vice President Harris in a Moderated Conversation on Protecting Reproductive Rights

October 28, 2022

I love Venn diagrams. (Laughter.) I really do. I love Venn diagrams. It's just something about those three circles and the analysis about where there is the intersection, right? Yeah, I see people – you agree with me, right?

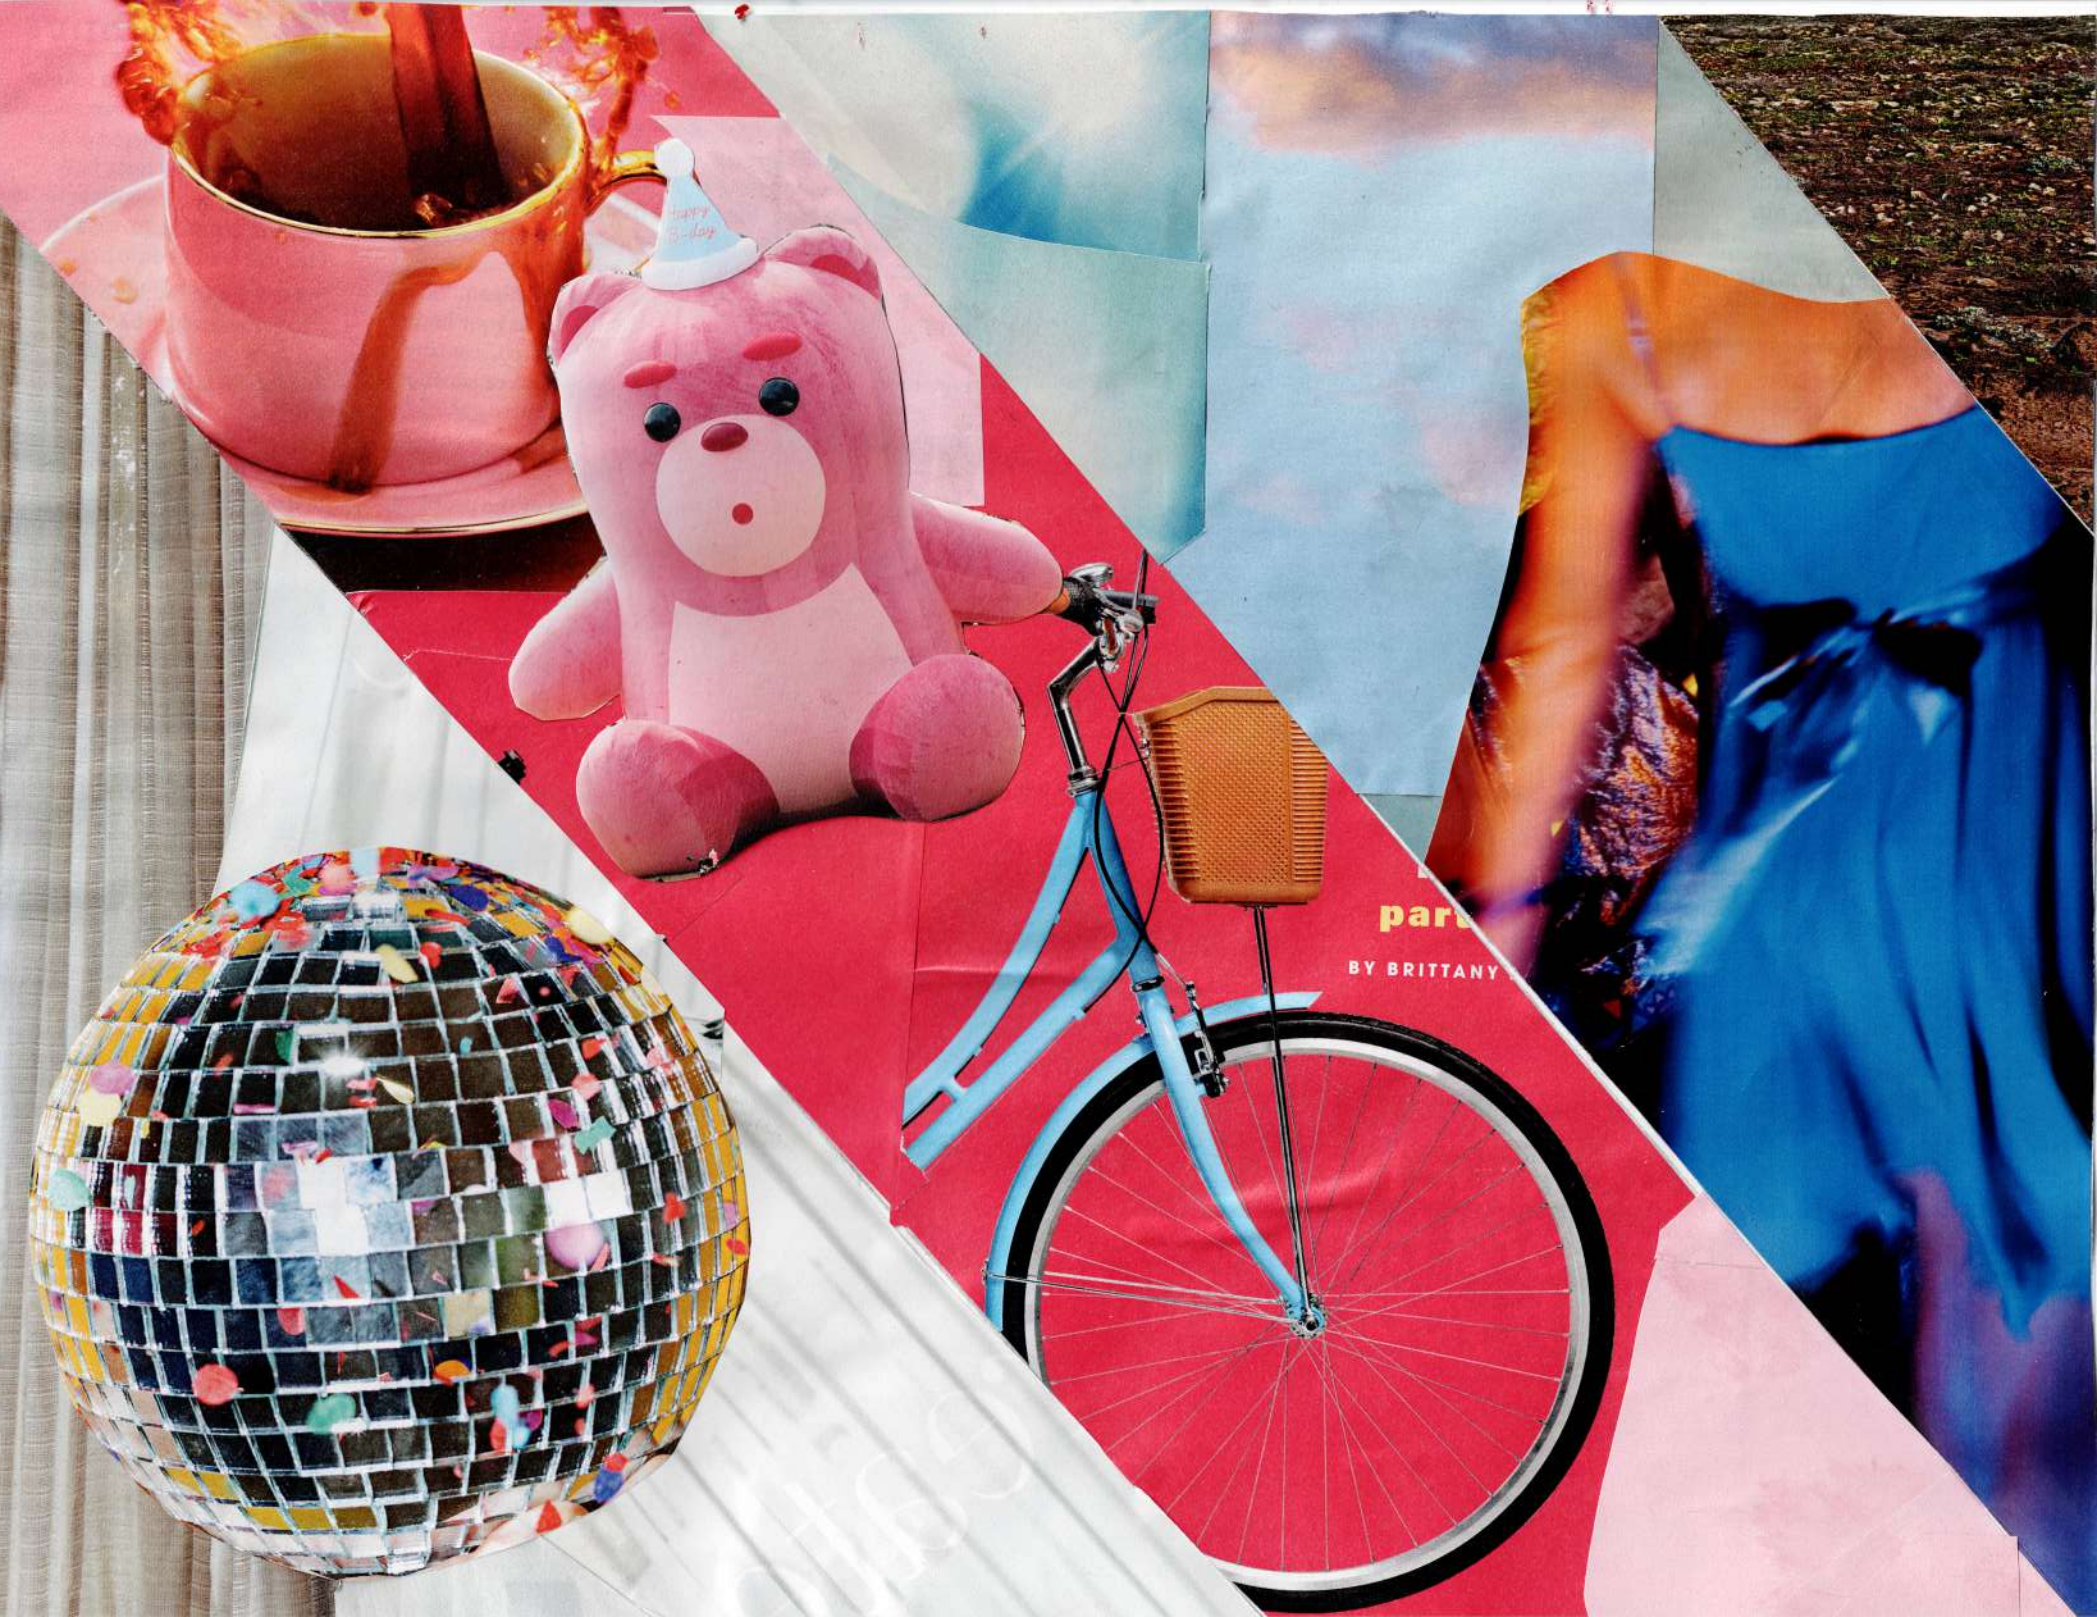

So – okay, so I asked my team – I brought props. (Laughter.) So, I asked my team. I said, “Tell me from which states are we seeing attacks on women’s reproductive healthcare, attacks on voting rights, and attacks on LGBTQ+ rights.” And you would not be surprised to know that there was quite an overlap, including, of course – yes, you predicted – Florida, Georgia, Texas, Alabama, Arizona. Okay?

So this then tells us, you know, something might be afoot here. But what it also tells us is there is an incredible capacity to renew our commitment to coalition-building – to bringing together all the folks who have been fighting on voting rights, all the folks who have been fighting on LGBTQ rights, whether it be for marriage equality and now for trans rights, and so many others; the folks who’ve been fighting for – there was mention here about maternal health as well as reproductive healthcare. Bringing everybody together in this movement.

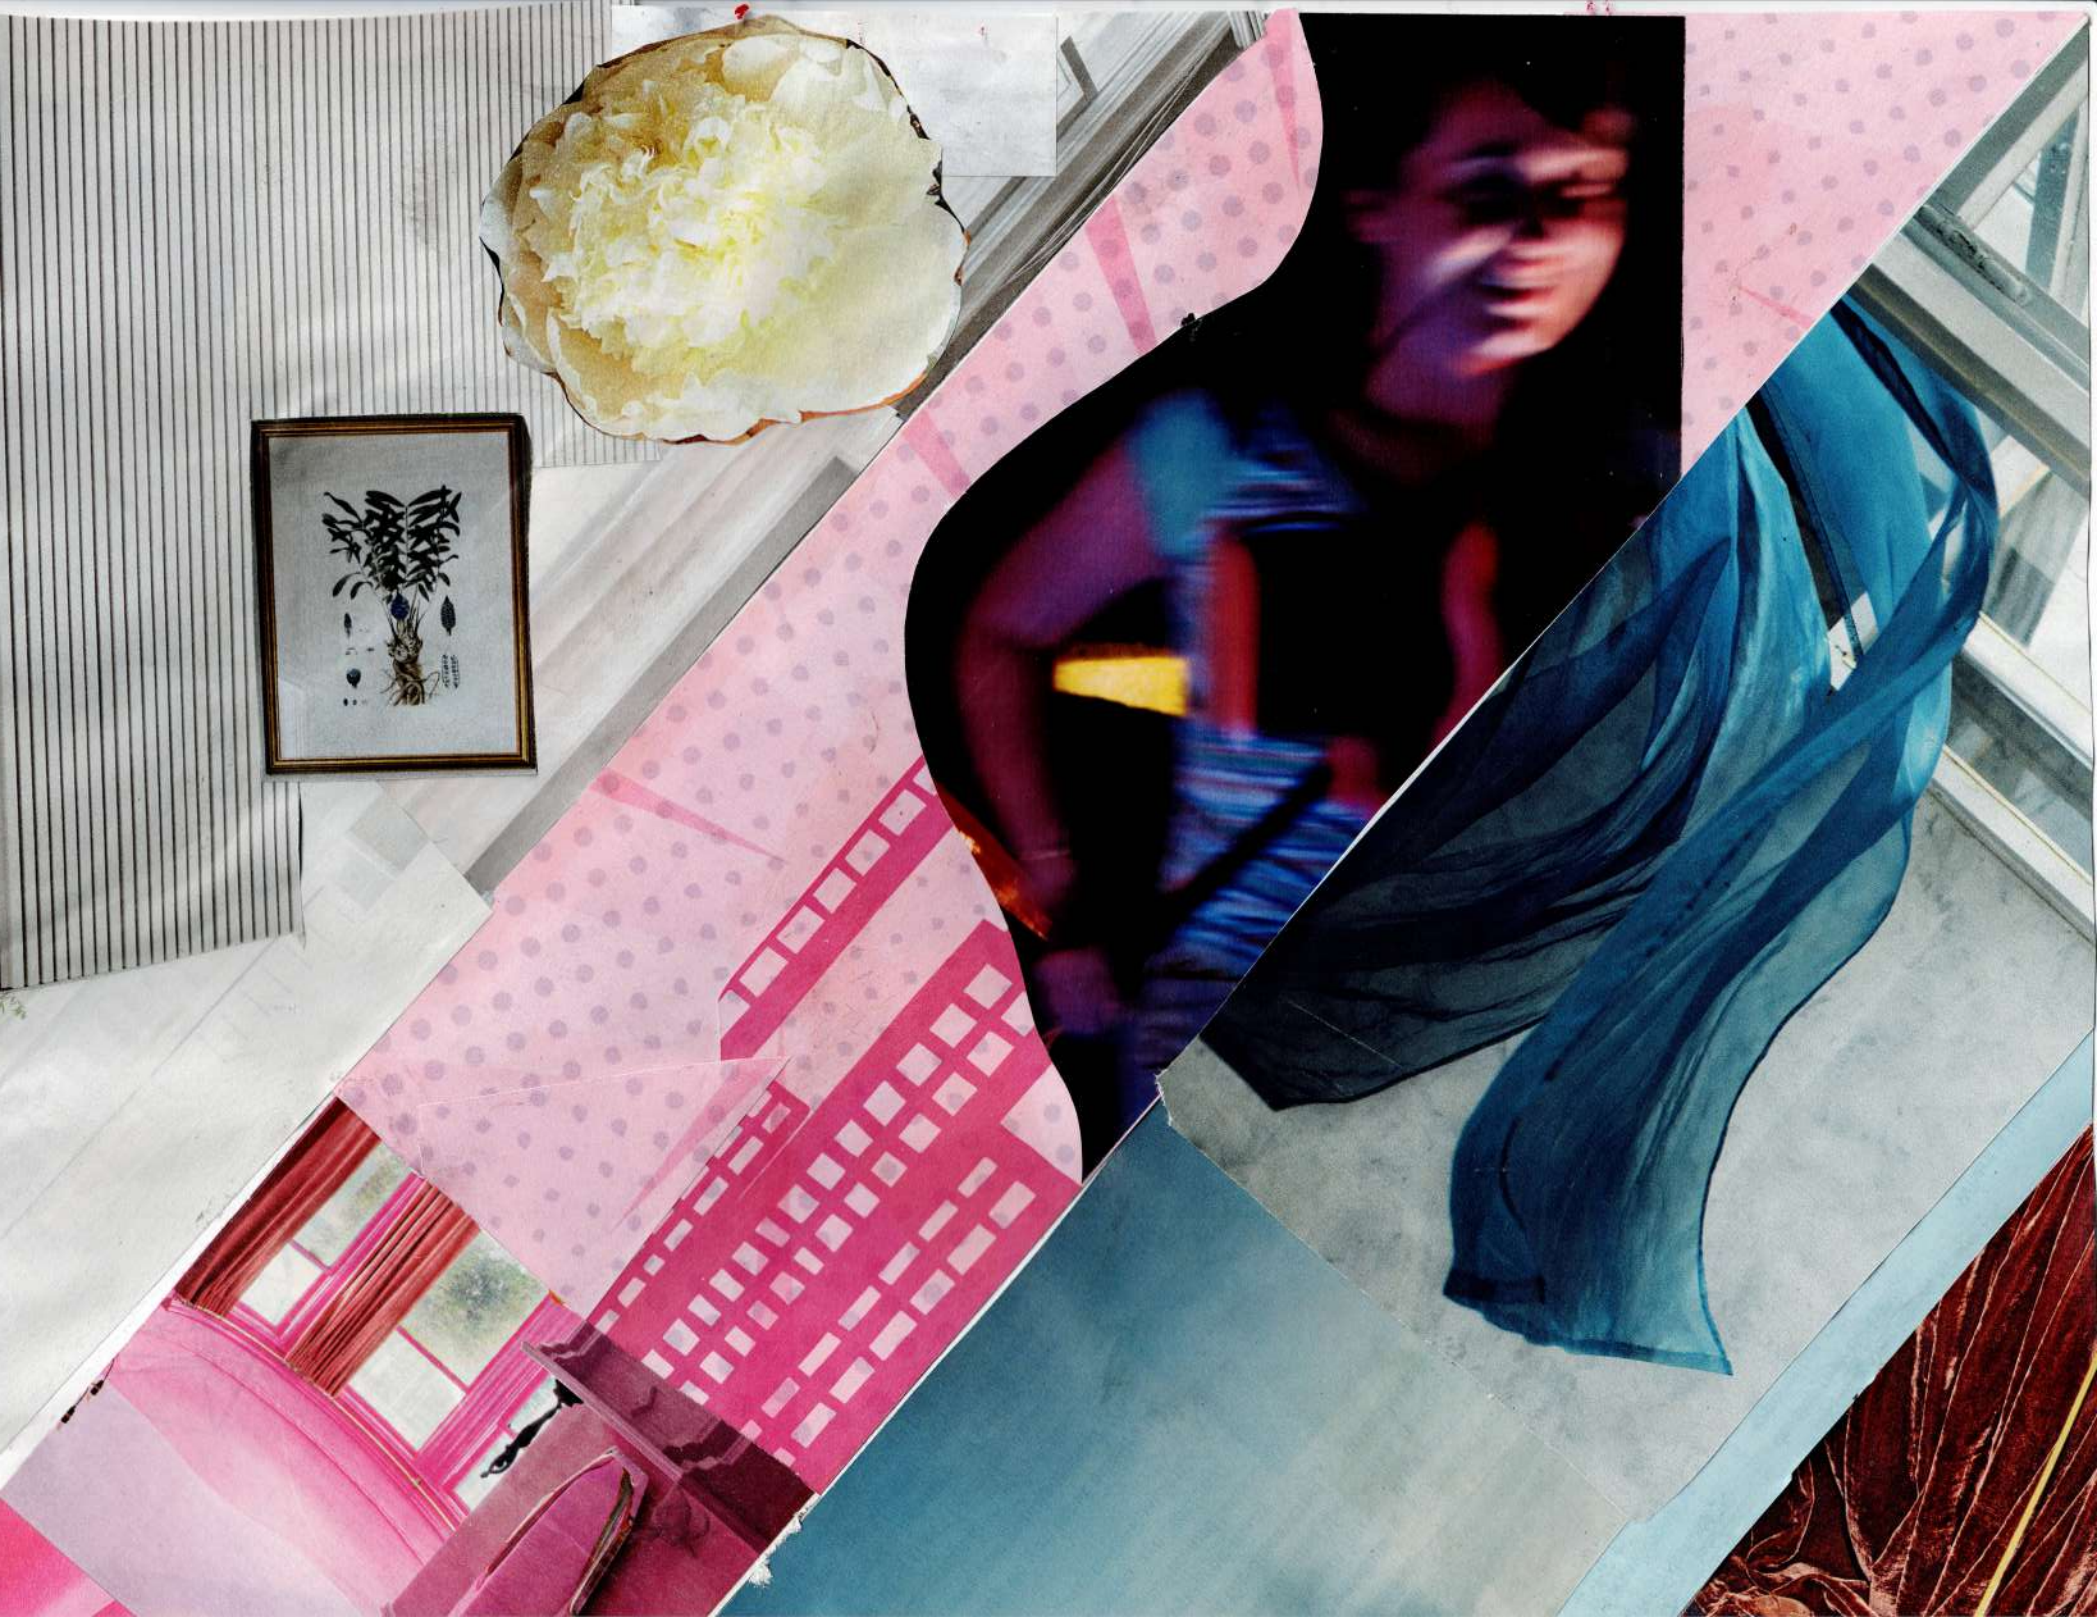

"If not now, when?" was created with magazines collaged on 20 letter-sized pages, scanned and stitched together digitally. This collage of the progress pride flag is inspired by the continued work of coalition-building across marginalized identities. As a zinester and collage artist who makes works of many sizes, I scaled up this collage to 34×55" with the intention of visibility. A mantra infused into the making of this piece is "Choose love in a time of hatred." March 19, 2025.
